Mr. James M. Carson

Miami, Fla.

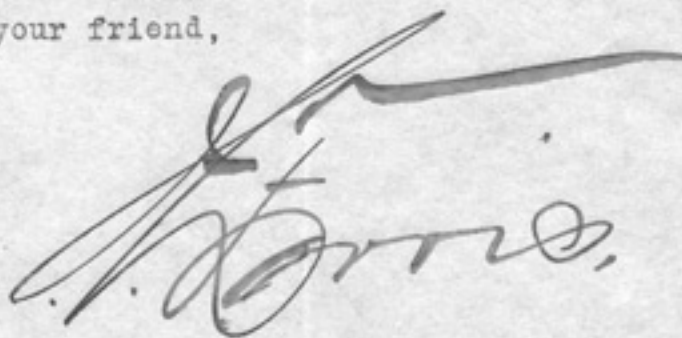

Dear Jim:

I appreciate more than I can tell you, yours of the 12th inst. and I am grateful beyond my power to express for the great work you did in behalf of my candidacy for the Governorship.

I believe I am stronger today that I was when I entered this contest, and the time will come when I will yet be Governor of Florida.

With sincere regards and best wishes, believe me to be,

Always your friend,
