

## MY FLORIDA

"A state oldest in white settlement and newest and best in modern development—a state with a rare blending of the old and the new. A state where the products of the Temperate Zone and the Semi-Tropics meet on common ground, and intermingling reach their highest perfection. A state abounding in assets of pure air, good water, generous sunshine, ample rainfall, and twelve full months in each year to grow grain, grass, root and fruit crops and live stock. A state with gentle and healing winds bearing balsam from the pines and salt air from the seas. A state fast becoming the all-year-round playground, health resort and income producing region of the nation. A state to which the world is invited to come and study and enjoy, and by staying prolong life in comfort. A state to which the tourist and homeseeker can come in any month of the year."—By Pat Murphy.

West Palm Beach

Florida.

My Dear Mr. McLeen:-

I have a man by name Mr. J. P. Deane of Philadelphia Penn who has, I believe a very attractive proposition in the way of a Sugar-cane plantation development, and I think it will interest you, and may work out to our individual financial profit and betterment.

Suggested that he write you, he may not have done so, but he is returning to Florida about October 5th,

Will you be in West Palm Beach on that date? as he would like to meet you and discuss Cape-Sable lands, and sugar-cane possibilities for Southern Florida generally.

Mrs Jaudon joins in kindest regards.

very truly yours

J. F. Jaudon.
