Capt. J. F. Jaudou.

Miami, Fla.

Dear Sir:

I arrived home last night from Moore Haven but do not find reply from letter written you from Moore Haven. I enclose a letter from Mr. E. F. Moffit which he kindly gave me - unsolicited.

In my former letter to you I did not state my position relative to handling your tract as I did not know whether you would sell or not. If on receipt of your letter I found you would sell I would then write you stating my position. Inasmuch as Mr. Moffit voluntarily gave me a letter to you setting forth my position relative to handling your tract I am enclosing the same to you.

I am in touch with two or three parties who are wanting to buy large tracts of timber land - am expecting one down here some time this month. I have three good timber propositions given me to submit to my parties and would like to have yours also.

Please advise me here and oblige -

Yours very truly
Dr. J. C. Davis.
