Aug. 30-1934

Capt. J. F. Jandow,

Ochopee - Fla.

My dear Captain - I have been making effort to secure \$50000 for Florida Sugar Cane Plantations and Mr. Farwell ruled us out of R. F. C. because we were producing agricultural product, but Mr. Hopkins Randolph of R. F. C. said that we should get this money & suggested I get Mr. Olson, if you remember, Peera took his place as attorney for Bank stock investment for committee, He thinks he can set it up so we can get it, but wants copy of Charter or Incorporation papers of Florida Sugar Cane Plantations, hence my wire to you this afternoon - I hope you can rush this to me, if you can not please wire me care of above later promptly.

HOTEL HARRINGTON

WASHINGTON, D. C.

I am afraid the Alcohol Control Board will not grant permit for Rum - they say quota is now ample - but Olson says he can get that also he thinks, but if he gets turned down - he has made a suggestion I can do. Mr. Wittmer met Mr. Rogers & myself in New York where we made an arrangement for distribution, he agreed to finance a 300 gallon distillery & says he will be down in Oct. to look into raw products etc.

Please hurry the papers I wired for - lets get busy now, before too late. With kind regards to you & Mrs. Jordan. I am very sincerely,
W.H. Cralle

Send the application papers for charter if that is all we have.
