

Feb'y' 24/34

Dear Capt' Jaudon

Enclosed I hand you letter from Mr Rogers to me, setting out the details necessary to have done and put in form at once, so when Cralle & Rogers goes to New York, they will have the Picture set up- so it can be shown to the men with the Money and Judgement to sponsor the deal.

Also enclose copy of a form of Bond which should be used and also the form of Mortgage necessary to have to show how the Bonds will be secured and paid- all of which is absolutely necessary to be worked out completely so the complete set up can be taken and submitted to New York parties.

As Mr Cralle wrote you he and Rogers had made the trip to Tampa and has the Chemest at work making sample of rum- which should be ready in a few days and the moment this is done, they want to hit the trail for New York, "Instantly" and go fully prepared to show all details- so as to avoid any DELAY, as time is IMPORTANT- and properly handled, No question in my mind, but a deal will be Put over like a whirl wind.

I suggest you get in touch with Mr Taylor, show him the enclosed papers, which he will appreciate the importance- of getting them worked out with your associates and enable Cralle and Rogers to put the cards on the table face up with the New York parties- so a DEAL can be whiped in line and if done and properly handled, I predict it can be finished and the Sugar Cane Plantation Co, be ready to start the ball rolling with in 30 days or at the most six weeks, and our company will have the Money to put the deal in proper form and start the work to make your dream come true, which it will with out question.

I have had lot of experience in handling details in promoting some real deals in the past, and I know the absolute Importance of getting every thing in proper form- so meet the requirements of the men who will finance the deal- and I know you and Mr Taylor will appreciate the importance of US getting every thing on paper, as it will appear when it goes to record.

First, I suggest you and Mr Taylor Name the Officers of the new company, and have the Charter prepared and every detail put in proper form so the Charter can be filed for record- the moment our set up is approved by New York Financers. The only thing I wish to suggest and insist, that You be made President and Genl' Manager and the balance of the officers you and Mr Taylor name, will meet my approval.

I feel we should have a meeting You, Mr Taylor, Cralle, Rogers and my self, next Thursday March the First, and if agreeable to have such a meeting in Fort Myers, EARLY THURSDAY MORING, so we can get every thing in proper shape, which can be done in a day- or if it is not convenient for you and Mr Taylor come here, advise me and we will meet you in Ochopee am hoping however, you may decide to come here- Please advise me your answer by return mail.

Mr Cralle wished me to say to you, he had taken the matter up which you suggested in your recent letter and felt he could put it over. With highest personal regards, I beg to remain

Sincerely Yours Truly

Scott Symm
