

Dec' 27/33

Capt' J.F.Jaudon  
Ochopee, Fla-  
Dear Capt'-

Mr Cralle left for Washington today by A C L. will arrive tomorrow. He has spent much time getting up the papers in proper shape so he can present it properly and I must say he made a fine job of it wish you could have seen his set up- know you would have been surprised and pleased.

He has had several letters from his parties promising him they best efforts and personally I feel he will put the deal over with out question. I suggested he confer with the President and get his O K which he will do which no doubt will have big effect.

He has arranged with his Atty' who will handle the legal end of details and I wish you could have seen the nice plan which he arranged all the letters and Pictures in leather back book form with statement in Typewritten, giving all details so he can present the proposition in proper form.

In his set up he has given you proper credit, also he will get in close touch with Sen's Fletcher and Trammell. aside from the different Senators which he has arranged with to lend their assistance which they have confirmed by letter and wires. So it looks to me every thing is in PINE SHAPE to go over, which am confident will do.

He applied for Loan of \$750,000 as per your request and no doubt this is the proper amt- after giving the matter due consideration Cralle will advise me and you as to where we can reach him at Washington and he has promised to keep us advised.

With best wishes for successful outcome and wishing you and Mrs Jaudon a happy and prosperous New Year. I beg to remain

Sincerely Yours Truly

  
Geo R. Lynn
