

Dec' 11/33

Capt', J.F. JAUDON
Okchopee, Fla-
Dear Capt'.

For your information, Cralle has arranged with two U S Senators who are in close touch with the President and the head of the department which will handle our deal, and he wired them friday night he was ready to come to Washington and wanted them to assist him in putting the deal over and they wired him, due to it being close to Xmas- they felt it would be absolutly impossable for them to get in touch with the proper parties and sugested he defer coming until after Xmas, at which time they would have every thing set so quick action could be had, and assured him they felt sure there would be no question but they deal could be be put over quickly and with out delay.

The man who dedicated the Post office Bldg' here saturday, is the Secy' of Cralles friend Mr Harley, who is the head of the P O Departement and he talked with his Secty' here and he sugested delay his trip until after Xmas- as he felt sure it would save time and no question but the deal could be brought to a close with out delay, and under these circumstances, I feel its the proper thing for him to delay his trip and when he gets there at time sugested, confident the deal will be put over like a whirl wind.

Cralle, is feeling fine to day and had all his plans to leave here on to night train, but after conferring with me and showing me his wires from his parties, Personally I feel its the wise thing to do and will be sure to get results we want with out delay. While naturally I regret this delay still under the circumstances I feel its the WISE thing to do, and handled as his friends sugest in their wires, am confident every thing will be set for prompt action and would be mach better than for him to go to day and find it impossable to get in touch with the head of the proper Department which will handle the deal. Also Harley is away and will be back on the JOB at time sugested, and his presence will naturally, give the matter proper attention, so I trust you will feel as I do, that handled as sugested will get QUICK results.

Cofindetially, Cralle has assured his parties in Washington that they will be paid for their services, which will serve to get quick results. Allow me to sugest, that you decide on the name of the corporation, which you want to have handle the proposition so we can be in shape to get quick action and save delay. Also sugest that you name the officeres of the corporation, making your self PRESIDENT, which personally I want to see done So, while this slight delay in Cralle's trip- its only a few days and no doubt is the proper course to persue. Will thank you to write me if this plan meets with your approval, and rest assured I will keep you advised of any thing of interest in the matter. BUT REST ASSURED we will put the deal over and finish BIG and make your dream come true, which will be a great personal pleasure for me to see done. Best regards to your self and Mrs Jaudon in which Mrs Lynn joins me.

Sincerely Yours Truly

J. R. Lynn
