Mr. Charles Waterall
General Delivery
Mobile, Alabama.

Dear Sir:-

We are referring your inquiry of May 25th to the Tamiami Trail Land Co - No 232 - 12th Street. They will be glad to send you prices and location of land that they have for sale and also tell you of the possibilities of the land that is drained.

You will find in the little booklet on farming in Dade County a lot of information on truck farming also farming in all its branches .

The Everglades are free from malaria and the drinking water is obtained from shallow wells and the water is pure and wholesome.

Very truly yours

Miami Chamber of Commerce
