LAND HOLDINGS IN CAPE SABLE DISTRICT, DADE COUNTY,  
NEAR MIAMI, FLORIDA

THIRD FLOOR—CAPLAN BUILDING

HARRISBURG, PENNSYLVANIA

Wilmington, Delaware, June 28th, 1924.

Captain J. F. Jaudon,  
Miami, Florida.,

My dear Captain Jaudon:-

I am in receipt of your very kind favor of the 25th, inst, with enclosures for which please accept my thanks.

Also in receipt of yor telegram regarding your friend Mr Glick and I thank you very much for the interest shown, I beleive very soon I will be able to use Mr Glick as a salesman if I succeed in getting an experienced man to work with him for a while at least until he gets his hand in.

I am returning herewith letter you so kindly sent me from Mr Ingraham and I regret very much that he was bothered by a few of the chaps I have had to contend with since my return to Harrisburg last January.

I wired The Model Land Co June 27th advising them of our inability to pay \$50,000 note due July 1st but assured them that we would do our utmost to pay same within the ninety days allowed by the contract.

I wrote Mr Ingraham to day in confirmation of wire.

I thank you very much for your kind words of approbation concerning my honesty of purpose and I can assure you the deal will never go any other way while I am connected with it.

Will you kindly advise if you have been over the ground in the dry weather to know that there are ten spots on the tract of a five acre area which you are sure cane would grow successfully in spite of heavy rains and if possible give me the approximate locations of same.

We received our first subscription today and while it is only \$100.00 it is a great encouragement to me as it is the start.

I expected a fuller reply to my letter of the 21st but am sure have a very good reason for not sending same?

With every good wish to yourself and to Mrs Jaudon and trusting you are both enjoying the very best of health, I am,

Very sincerely yours,

PENNSYLVANIA SUGAR LAND CO.
