Capt' J.F.Jandon
Ochopee, Fla-
Dear Capt'

I feel that it is important to get a set up at once, and my suggestion that you get here the first of next week. Would it not be well to make a set up, based on developing 5000 acres in the quickest possible time, and and apply for a loan of half million.

As you know the Government is distributing money rapidly and what ever is done, must be done quickly and with out delay. Bring such solid reports and other reports which you think will be of value, and you should write a letter of just what you have done in cane your self and how much seed cane you can furnish from your own land..

Mr Cralle has parties in Washington, who will give this matter their personal attention upon his request and backed by a proper report and set up. Let me urge you to give this matter early attention and get here at the earliest day possible. As what ever is done MUST be done with out delay. Advise when may expect you.

Sincerily Yours Truly

J. R. Lynn
