

Ochopee Florida
December 3rd 1932.

Mr. W. H. Cralle
Washington D. C.

Dear Mr. Cralle:-

Sending you under separate cover a set of new maps
as follows-----

Collier County-----Showing location of lands, Atlantic Coast Railway,
Tamiami Trail, Gulf of Mexico etc.

Proposed Tamiami Railway Map---Showing proposed route of this Railway,
We have charter for same, many miles of R/W etc,
including terminals at Miami. This map was made by
our engineers in 1934 before the A.C.L. or Seaboard
made their extensions; the purpose of construction
will be to move the two billion or more cypress and
pine lumber and timber which lies immediately around
our plantation; as a matter of fact this timber should
be hauled to Miami where sash, blind, door, and other
products can be made from same; this railroad would also
haul the products of iron, and the supplies needed to
the several thousand acres of tomatoes and other pro-
ducts to Steamer lines at Miami; when constructed it
would also serve us by giving cheap transportation for
our sugar to Miami for steamer shipment to refiners.
NOTE---The Seaboard built from Fort Oden to Fort Myers
instead of from Arcadia as shown by the map. NOTE ALSO
that the A. C. L. Ry. has completed its line from Immokalee
to Everglades NOTE ALSO that any extension of either
the A. C. L. Ry. or Seaboard from Naples (which is sure to
be done) will and must pass through our plantation.

OUR PLANTATION MAP---Showing our lands, location, ESPECIALLY the natural
"run-off" to headwaters of New, Turner, Half-way, Barron
or Allen Rivers, also showing elevations at N.W. corner
of our plantation lands to be fourteen feet, and at
N.E. corner nine feet with gradual slope of about average
of one foot to the mile---Just right---The immense
tomato and vegetable plantings of Gaunt Co; W. W. Bird
Tomato Corporation; J. B. James and others are located
in S.W. corner of tract in Sections 9-20-22-26-28-34
35-36 of Township 53 S. Range 30 E. The sawmill is lo-
cated in Section 36 T. 53 S. Range 30 E. Most of the
buildings kodak views of which has been sent you are
located in Section 34, Township 53 S. Range 30 E.

ABSTRACT-----Covering all the sections owned or controlled by our plantation
This abstract prepared solely for Section 34 but cover
all our lands up to that date; shows taxes paid up to
time of making abstract, we are now in arrears for some
taxes and there is in round figures \$50,000.00 due on
our 10,000 acres

Believe the above is full and explicit.

Very truly yours,

J. W. Jaudon.
