

Mr. Galle-

The attached letter is from Mr. A. J. Greif who before his death was Vice President and General Manager of the Haytien-American Sugar Co of Hayti.

Mr Greif approved the report of Mr. S. Rodman Ginsberg after he had made the inspection.

It was Mr. Greif's great desire to help establish a great sugar plantation in this area as he said it was the best sugar land and offered geater opportunities than any land he knew of.

This confirms Mr. Ginsburg's letter to me under date of July 19th 1933 and should be handled in conjunction with same.
