

SUGGESTIONS.

Decide on ~~xxxxx~~ name of Corporation to whom loan is requested.

Prefer Mr. Cralle to make up application and arrange set-up as he desires, as he could get stenographic work done as he desired and could arrange presentation cronologically as he desired to present, this of course would require numbering pages etc, which would not be arranged perhaps as he would prefer them.

Can send samples of sugar cane and syrup as you desire.

Do we need any further analysis of sugar content (in this connection will add originals of analysis to papers to Mr. Cralle.)

Is it necessary to refund loan as quickly as originally outlined?

How shall presentation of facts as to labor employment be best explained and presented?

For the purpose of not loosing seed cane now growing would it be adviseable to request a small loan on a small designated acreage so that planting could proceed without any delay.

Sugar cane tassels. Be sure and get some.

Do you want letters from us to Senators Fletcher and Trammell.?
