~~General not here but understand expected I think senatorial done good and will use confidentially but Crayton dont think much of it Situation here as written but they have delayed introducing bill and we still have not been supplied with copy Fort Myers delegation due here opposing any division I personally feel that division assured and feel that we should confine our efforts to referendum on location county seat boundary lines to give us voting controll and no large amount of time warrants authorized in bill and fair selection of officers divided throughout county We must take position for or against creation I feel safer if in new county with outlined protection~~
