

THE NAPLES IMPROVEMENT COMPANY

GENERAL OFFICES
OUTLOOK BUILDING COLUMBUS, OHIO

June 16, 1924.

Mr. J. F. Jaudon,
321 N. W. Fourth Ave.,
Miami, Florida.

Dear Mr. Jaudon:

If rumor is correct, Collier has subsidized almost all the good lawyers in his part of the country down there in Florida.

We have a very good lawyer, W. O. Sheppard, whom we have employed to do some of our work and who has his headquarters in Fort Myers, but he is simply swamped with business and has other connections that possibly might not be the best for us in going ahead with the Naples deal.

I have thought something of trying to get a good young lawyer who has had some experience in connection with deeds, titles and who knows something generally of the country in and around Naples, and make some arrangement with him that would enable him to give his time to the matter and have his office and residence in Naples. It seems to me that there would be work enough there for a good young lawyer. It might be policy for him to be connected with insurance and other matters that would result in increasing his income. What would you think of such an idea and do you know of such a man? I would want to be satisfied, however, that he was not mixed up in politics or in any real estate deals, and that he had no connection of any kind or nature with Collier or his interests.

What is the outlook for Miami and the additional railroad connection?

How is Mr. Fisher getting along with his scheme down there? Could we interest him over at Naples? Will be glad to hear from you.

With kindest regards to yourself and Mrs. Jaudon, I am,

Very truly yours,
