

June 20th,
1924.

Mr. J. S. Jones,
Outlook Bldg.,
Columbus, Ohio.

Dear Sir:

Mr. J. F. Jaudon of this city, with whom I was in your office several years ago, relative to the Ta-Miami Railway, has handed me your letter to him of June 16th, relative to your inability to secure an attorney not interested with Collier in and around Fort Myers.

It would be impossible for me to give a great deal of time to actually being in Naples, unless the nature of the business would compensate me for the time spent, as our practice in this city is exceedingly good, and yet, on account of your relationship with Mr. Jaudon regarding the possibility of the Ta-Miami Railway, etc., I would be very glad to handle your business in and around Naples, and could do so, I believe, without delay, as I could spend sufficient time on such business, as it came up.

I would be glad to take up with you, in detail, at any time, this matter, and assure you that any business which you might entrust to me, will be taken care of promptly and with proper consideration.

Trusting to have the pleasure of seeing you again at some near future time, I am,

Yours very truly,

Paul C. Taylor.
