Dear Sir:

In re yours of Nov., 17th we beg to say that after a careful perusal of the same we have no hesitation in saying that we believe we can enter into a contract with you, to our mutual satisfaction, provided the New York stock exchange member, banking house will immediately begin taking the bonds so that we can start the construction work at once.

With this thought in mind we wired you today that if you will come to Miami, we will guarantee your expenses up to \$300, for we feel quite sure that we can make the contract with you upon your arrival.

Very truly yours,
