Dear Mr Jandon.

Your letter with clippings just recd. You will see from my above add. that I no longer live at Marco. The telegram you spoke of was never recd as you sent it to Marco it was never delivered. Of course you know that I am in sympathy with your efforts in building the southern route through Monroe Co. I hope to live long enough to see it through but with the present outlook I at times almost give up in despair. Mrs Collier joins me in kindest regards to you & Mrs Jandon. Yours very truly W. D.
