Attention of Mr. B. J. Scott or Judge C. M. Collier.

Gentlemen:-

Very sorry indeed to have to "rush" back to Miami to have several conferences there which will not permit my staying away any longer.

I guess you did not get my letter of 14th inst in time to forward check covering Tamiami Trail account to Fort Myers as I requested.

I am attaching the paid vouchers and am handing this letter with them to Mr. O. C. Bozeman with instruction to deliver the vouchers, and you can pass him check to me when he does so.

In rechecking the account I find that the item \$18. 23 (Voucher No. 18.) has been made a duplicate charge, but as I also failed to charge the work done by John Helgren in February and charged to me at rate of \$3.50 per day, said amount being paid by me in another accounting with you, I think you can let the item stand but you can deduct same, or I will send you check for this item if you desire.

In case Mr. Scott has not passed check for above to the Fort Myers office, Mr. Bozeman can deliver these vouchers and receive check when he is at Everglade taking delivery of my personal property from you.

Personal regards,

very truly yours

J. F. Jaudon.
