Captain J.F. Jaudon.

Miami Fla.

Dear Captain:-,

I am writing you in regard to the letter that you gave me to The Alexander -Ramsey Kerr Co , I gave the letter to Mr C.M. Collier and said that he could not see where that they could be expected to pay that bill as there was no contract between you and them that is the Alexander-Ramsey-Kerr Co for them to pay you for what you had paid out on the road for labor or any thing and that they only taken up the responsibility of the road after they had got the contract but he was agoing to see Walter Sheppard and Judge Wilkison and get them to recomend to the new Board of Co Commissioners to pay this bill.

I tried to explain to him that this bill was paid by you and that I had all the canceled checks that they ask for and you thought that it was all seteled for them to pay this bill but he showed me a telegram from N.Y. telling him to handle this matter to the best of advantages.

Mr Scott will be up from Everglade Wednesday and I will also see him and see what he will do about it.

Mr C.M. Collier ask me to make him a copy of the list of your things at Everglade and he said that he might could arrgene to buy the things and not have to go to the trouble to check all them up and move them and I told him t that I had orders to get the things and when Mr Scott is up Wednesday I will arrange a date to go and get them so Mr C.M.C wants me to give him a few days and I told him to make it by wednesday for he had already had months and they had said that they did not want them.

Please advise me what other steps to takein this matter.

Best regards to Mrs Jaudon and your self,

Yours Resp't,

O. C. Bozeman.
