

Tallahassee Fla May 8th.1923.

Dear O.C.

Wired you today as per enclosed confirmation, as I feared you had failed to understand that I wanted you to get this bill paid by Commissioners at this meeting.

Please look up records on Minutes of Board of July 5th 1922 and you will find my authority for requesting this payment, note that I was to have been paid these amounts for the consideration of surrendering my contract.

If you handle this quick WEX we can get settlement, please also send me advertisements for bids for Trail work, and also advise just what action Board takes with Collier Contract.

Tell Mr. Barnes to get different ones at Naples to ask Governor for appointments as county officers, and get Judge Randell to endorse them, also other Fort Myers endorsements.

Try to get County Commissioner at Immokalee, Naples, Marco or WEX Caxambas, and Henderson Creek (leaving one for Everglade) our friends, also Tax Assessor, Clerk, and Sheriff our friends, it dont make much diferance about Collector, Supt of Public Instruction, County Judge, etc., and I beleive if Mr. Barnes and others work a little they can get these officers named.

Am on the job here and a different atmosphere seems to surround the entire situation.

Will be here perhaps a week or more, Judge Randell has a wonderful chance now.

Mrs. Jaudon joins in regards to you Harry and Mrs. Bozeman and our many Fort Myers friends.

very truly yours

J.F. Jaudon.
