Hon. Walter O. Sheppard, Attorney Board County Commissioners.

Fort Myers Florida.

Dear Mr. Sheppard:-

Answering yours July 30th, in reply to my letter to you as Attorney for Board of County Commissioners Lee County, in which I requested that ~~XXXX~~ I be protected in the payment to me by Lee County on account Special Road and Bridge District No. 3 in the sum of \$1120.71, I did not mean to make a "blunt" request but I did and do advise you that I desire a settlement, and am entitled to payment.

Of course at the time of the surrender by me of this contract you represented both Lee County and Mr. Collier, now as I understand it you are adjusting the accounts (in your advisory capacity) between Lee and Collier Counties.

On July 5th 1922 I did deliver to Alexander Ramsay and Kerr a copy of this account, and I was to be paid on bills to be rendered by them to Special Road and Bridge District No. 3; They have evidently rendered no bills as I have not been paid.

My written communication to the Board stated very positively that I would surrender my contract PROVIDED that I should be re-imbursed the "amounts expended by me" (that amount was \$1120.71 and does not include any personal expense but amounts paid to County Engineer, labor, and parts for Monighan drag-line machine, all vouchers or checks covering these payments are now in hands of O. C. Bozeman who was instructed to deliver them to Clerk J. F. Garner) the statement however was given to Mr. Scott on July 5th 1922.

Counties always pay accounts that are due and are honest, fair and just, as is the instance in this case, if however you ~~X~~ (in your advisory capacity to Board) question this account please so advise.

I assure you no sarcasm nor criticism is intended in this letter, Lee County owes me a bill which they of course desire to pay, and I most respectfully ask that you with your Engineer check up same and advise the Board pass me check to cover, as I should have had this money long ago, I am

very truly yours

J. F. Jaudon.
