Federal Writers' Project

Capt. James F. Jaudon,  
Ochopee, Florida

Dear Sir:

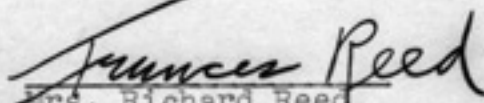

The Federal Writers' Project is preparing material for a national guide book called the American Guide, which will be published by the United States Government.

This project has been working in the large centers of population and has collected valuable and interesting material. We are now instructed to gather similar information about the smaller communities in our own section, which includes Broward, Dade and Collier Counties.

Your name has been mentioned to me as one who will be competent to furnish material on your community, and I would be greatly obliged if you will answer as many of the questions in the attached questionnaire as you can, and would be further obliged if you would give me a paragraph on any peculiar and interesting feature of your community which would be of interest to visitors to the state.

We are requested to send this material to our state office by the 15th of April.

Respectfully yours,

  
Mrs. Richard Reed  
District Supervisor  
Federal Writers' Project
