Dear Sir:-

I wrote my cousin John Gramling, to see you and secure from you or your Company the exclusive sale of the Cypress on the 207,360 acres that this to be secured for me, as I am in a position to handle this Cypress provided terms and price were made satisfactory.

Nodoubt your Company bought this land with the view of developing it as a colonization proposition, if so then the Cypress would realy be in impediment to the property.

If you are in a position to sell this Cypress on a stumpage basis or for a lump sum, I would appreciate having you name me the very best price that you will sell the Cypress for and the length of time in which to remove it.

I had the handling of this property for sketime and had people interested in it when your company made payment on it, this property was listed with me by the owner.

If you are in a position to name me a price on a stumpage basis of \$2. per M. or a net price to you of \$260,000. and will protect my selling price I feel satisfied that I can sell the Cypress in a reasonable time, this would then leave the land costing you only \$51,040.

You must realize to advertise this Cypress and go to other expenses in trying to make the sale, that I should have full protection, and to have this I would have to have the exclusive handling of it.

Trusting to hear from you at your earliest convenience I remain.

Yours very truly
