Dear Sir;-

Your two favors of the 5th inst., to hand and replying to same will say that ~~that~~ I have forwarded a memo of what you are willing to do relative to the sale of one quarter interest to my client, this client comes to me through two other Agents and I have suggested to my associates that if he thinks that his people would consider taking an interest with you in this property that he name them a price of \$125,000. for the interest and I will expect you to protect this price in case that they become interested and I will ask that you confirm this, make it in the shape of an agreement so that I can assure my associates that we will have the protection of \$25,000. in the event that our client takes the one quarter interest.

I have from an associate a call for 100,000,000' Cypress and as there is estimated to be 102 million feet on Tp 54 S. Rgs 31 & 32 E, I will ask, will you sell this place out of your holdings, to be sold in fee, and if so at what price per acre, if you donot wish to sell in fee please name me a price per M to be arrived at by mutual cruise, your price to include a 5% commission to me in case of a sale of the Cypress, if you decide to sell the Cypress please give the lenght of time for removal, the request for this information comes to us by wire, so will appreciate your prompt reply.

I will appreciate having you call at my Office when you arrive in the City.

Yours very truly

S. C. Littlefield
