JACKSONVILLE, FLORIDA May 19th, 1917.

Mr J. F. Judon.  
Miami, Fla.

Dear Sir:-

No word yet from Tedder.

I am just in receipt of a letter from my Ala associate in which he quotes a letter received from Messrs C. C. Mengle & Bros Co, of Louisville, Ky., reading as follows.

"Your letter of the 11th inst., with papers in reference to Cypress Timber lands in Florida, was duly received, and has our attention. While we are interested, we cannot at this time agree to have our men on the property by the 25th inst., if the time can be extended somewhat we shall be glad to give the matter our earnest attention but we must have time to make a pretty thorough examination before we would agree to put up a deposit on the proposition. if this can be done we will be glad to hear from you further"

(Signed C. C. Mengle & Bros Co., Inc

Now Mr Judon you see from the above that these people are interested in your holdings, they are amply able to meet all of your requirements, and as you have now made your temporary arrangements for your June payment, I will ask that you give these people the opportunity of making this examination without requiring them to make the deposit as originally outlined in your agreement with me, withdraw the time from the 25th June to a reasonable early date in which to get their men on the land, it may be possible that they have them on other properties and cannot recall them just at this time, so will ask that you write me promptly just what you are willing to do. I think that it would be well for you to write these people personally urging them to act quick, and if you see fit to write them that you send me a copy of your letter so that I can in turn keep my Ala associate advised as to just what progress is being made in this matter.

Trusting to hear from you promptly I remain

Yours very truly

*S. C. Littlefield*

I am trying to get quick action from my Chicago people, and have some hopes of doing so, will advise you.
