Hi Buddy - Thanks for the update on the legal case! It all sounds very interesting and I'll keep my fingers crossed for your victory!

And about your Book on the Beach -
Harris a couple of facts - Both Lou and I were born on the MIAMI Side - As there were no facilities on the Beach - In 1919 Dad + Mom moved into our house at 1912 COLLINS AVE until 1937 when MR Peter Miller who owned the Peter Miller Hotel at 1908 - Loaned my Dad the \$ to Tear Down his Real Estate office on our house lot because its Marquesa Blocked the Views of the Hotel with A BIG "SNEDIGAR + COMPANY SIGN" We built 3 stores, and above, a 4 Bedroom apt - and two small efficiency apts - Where we lived until they both passed away.

You asked about our house being moved to the Venetian Islands - It wasnt our house - But a large wooden house built by ^{AUSTRALIAN} Percy ^{INTERESTING MAN} Caville and before Dad sold it to P. Miller for the Hotel - He used it for many years as his Real Estate office.

If it was moved or Torn Down I don't know!
The question about the PATTORSE GAME is one I can tell you at length on the phone. Because I know it all and people involved! But it would take a Book to write it - So call me for the entire game!! Best Personal Regards

P.S. I'm sorry I didn't recognize any of the Old People in the Photos you sent!

MR ARISTOTLE ARES
5500 COLLINS AVE #401
MIAMI BEACH FL 33140-5530

Dear ARES

I'm glad to be able to complete your Beach Museum of MIAMI BEACH 1940-1941 MEMORIALS. So, I'm enclosing my 1942 TYPHOON. It includes a lot of wonderful memories! In 1940 my brother Lou scored two touchdowns in our 26-0 victory over The Fort Lauderdale Flying Saucers - for the conference championship, and that finished an incredible season where we scored 206 points to our opponents 6 - and the 6 was a gift in that a referee blocked Bobby Jewett when he accidentally fell while Bobby was going to make a sure tackle and took Bobby out allowing the 6 point score!!

But all but a couple of that team returned for the 1941 season. As must went into the Army Navy or Marines.

It left us with little to play with the 1941. Example Ted Teamy 142 lb guard, Bob Rangan the other guard 145. Tommy Bruner right end 120 lb.

Jim Snedigar 143 lbs. Real Power!!

Season ended in FT LAUDERDALE where we were out weighed 40 to 45 lbs per man - and were losers 20 to 0. It should have been 50 to 0. But we played hard. The state showed 295 yds RUSHING to our MIA 15!!

But our Basketball Team was terrific. We beat every BIG D team we played and achieved a Big 6 upset in State. Barney history. BEAT ANDREW JACKSON OF JACKSON 32-30 the No 1 seed 32-30. THE TALL TIGERS all 6' 6" 6' 3" - I was our top center at 6' 5"!! - The game ended at Noon and a GRM we played in the final four against team of Tallahassee - EXHAUSTED we lost they played MIAMI 1950 in the FINAL Miami won THE STATE - Partly because we beat the Tall Tigers who gave them cheer only 20-50 OVER

The Tiger I guarded was Johnson 6'4" 225 lbs
lover of a player. That fact he started at Ark
the IAD Navy AIR STATION Football team & All Ark team
were college athletes and Profs - Bears, Giants etc

II after we beat Jackson was returned to
our Hotel The Floridan where MIAW & HIG A were
also staying. As we walked thru the lobby
MIAMI HIGHS greatest athletes ever - Arnold Tucker
ALL AMERICA AT ARMY Football - and Capt of their Basketball
Team - BROSE Smith all American Football QB at Navy
and 4 year starter Basketball scored 25 points to beat
us in Regional Tourney.

Hal Schuler 6'4" 230 lbs great Linerbacker and
Center on MIAMI Southern Champion football Team;
and HIGH JUMPER AT THAT ~~WRESTLING~~ ^{SPRING} - of 6-1/2 inches !!
and member of State Champ Roll E. See - of JACK before
coming to MIAMI -

Freeman Jackson all state first Team with
me next year.

~ Ralph Fisher ALL STATE Guard -

The greatest thrill was to receive from them
a Standing ~~Ovation~~ for beating Jackson Tegen
Only the team that had beaten them that year !!

What a kick - The TRISTAR TRIBUNE Sports Editor
in a long article said it was the biggest upset
in Tourney history! - THE TRISTAR TRIBUNE beaten by
a "SCHOOL BOY" of KIDS from MIAMI BEACH & WITH
a cartoon of a TIGER with a Ten Can tied to
its tail saying "MIAMI BEACH?"

~ What a kick!

Wes please give my best to Saverde
who has done a lot of work! I have enjoyed
meeting him!

Thanks Wes for all your efforts to
make it a success. I hope your book
will be a big success.

JIM'S GREEK CONNECTIONS

Dear Aris - I have ~~bad~~ News - Last week my Greek Family's Head Man, Eddie Mathis passed away, at age 95. And leaves his wife of many years Betty Calla, as I have always called her, at age 94. Fortunately Crystal's daughter, that I raised from age 10 till she graduated from High School, my "Stepfie" Stephanie my daughter, is a doll, she is as beautiful Greek lady as is your Diana.

And she has a Heart as big as life. She graduated from the U. of Miami, Married and lived in Colorado Springs, where she had her own Yoga Business, which was doing very well. She was divorced and living alone. And when Crystal passed away, she made many long trips to Boynton Beach, to care for Betty & Ed.

This year she knew Betty couldn't care for what Eddie needed, she sold her business and moved to Boynton and has been taking care of them both. Can you imagine what a BIG Sacrifice to make?? I'm really proud of her!

I met Crystal where we worked in 1984 at Delta Life. She was a beautiful 18 year old, and was married to Shirie, mother of my 3 children. We were invited to dinner with Betty & Ed several times

II

Times for Greek Parties - and had great times!
Crystal married Charley Vaughn who was also an Agent
with Sinclair Kell. We were all friendly, He was Steffes'
father. Several years later - Charlie passed away
from Cancer, God Bless Her. - And about that time
Crystal + Charley were divorced. Crystal married
Manny MICHALES. And they got separated.

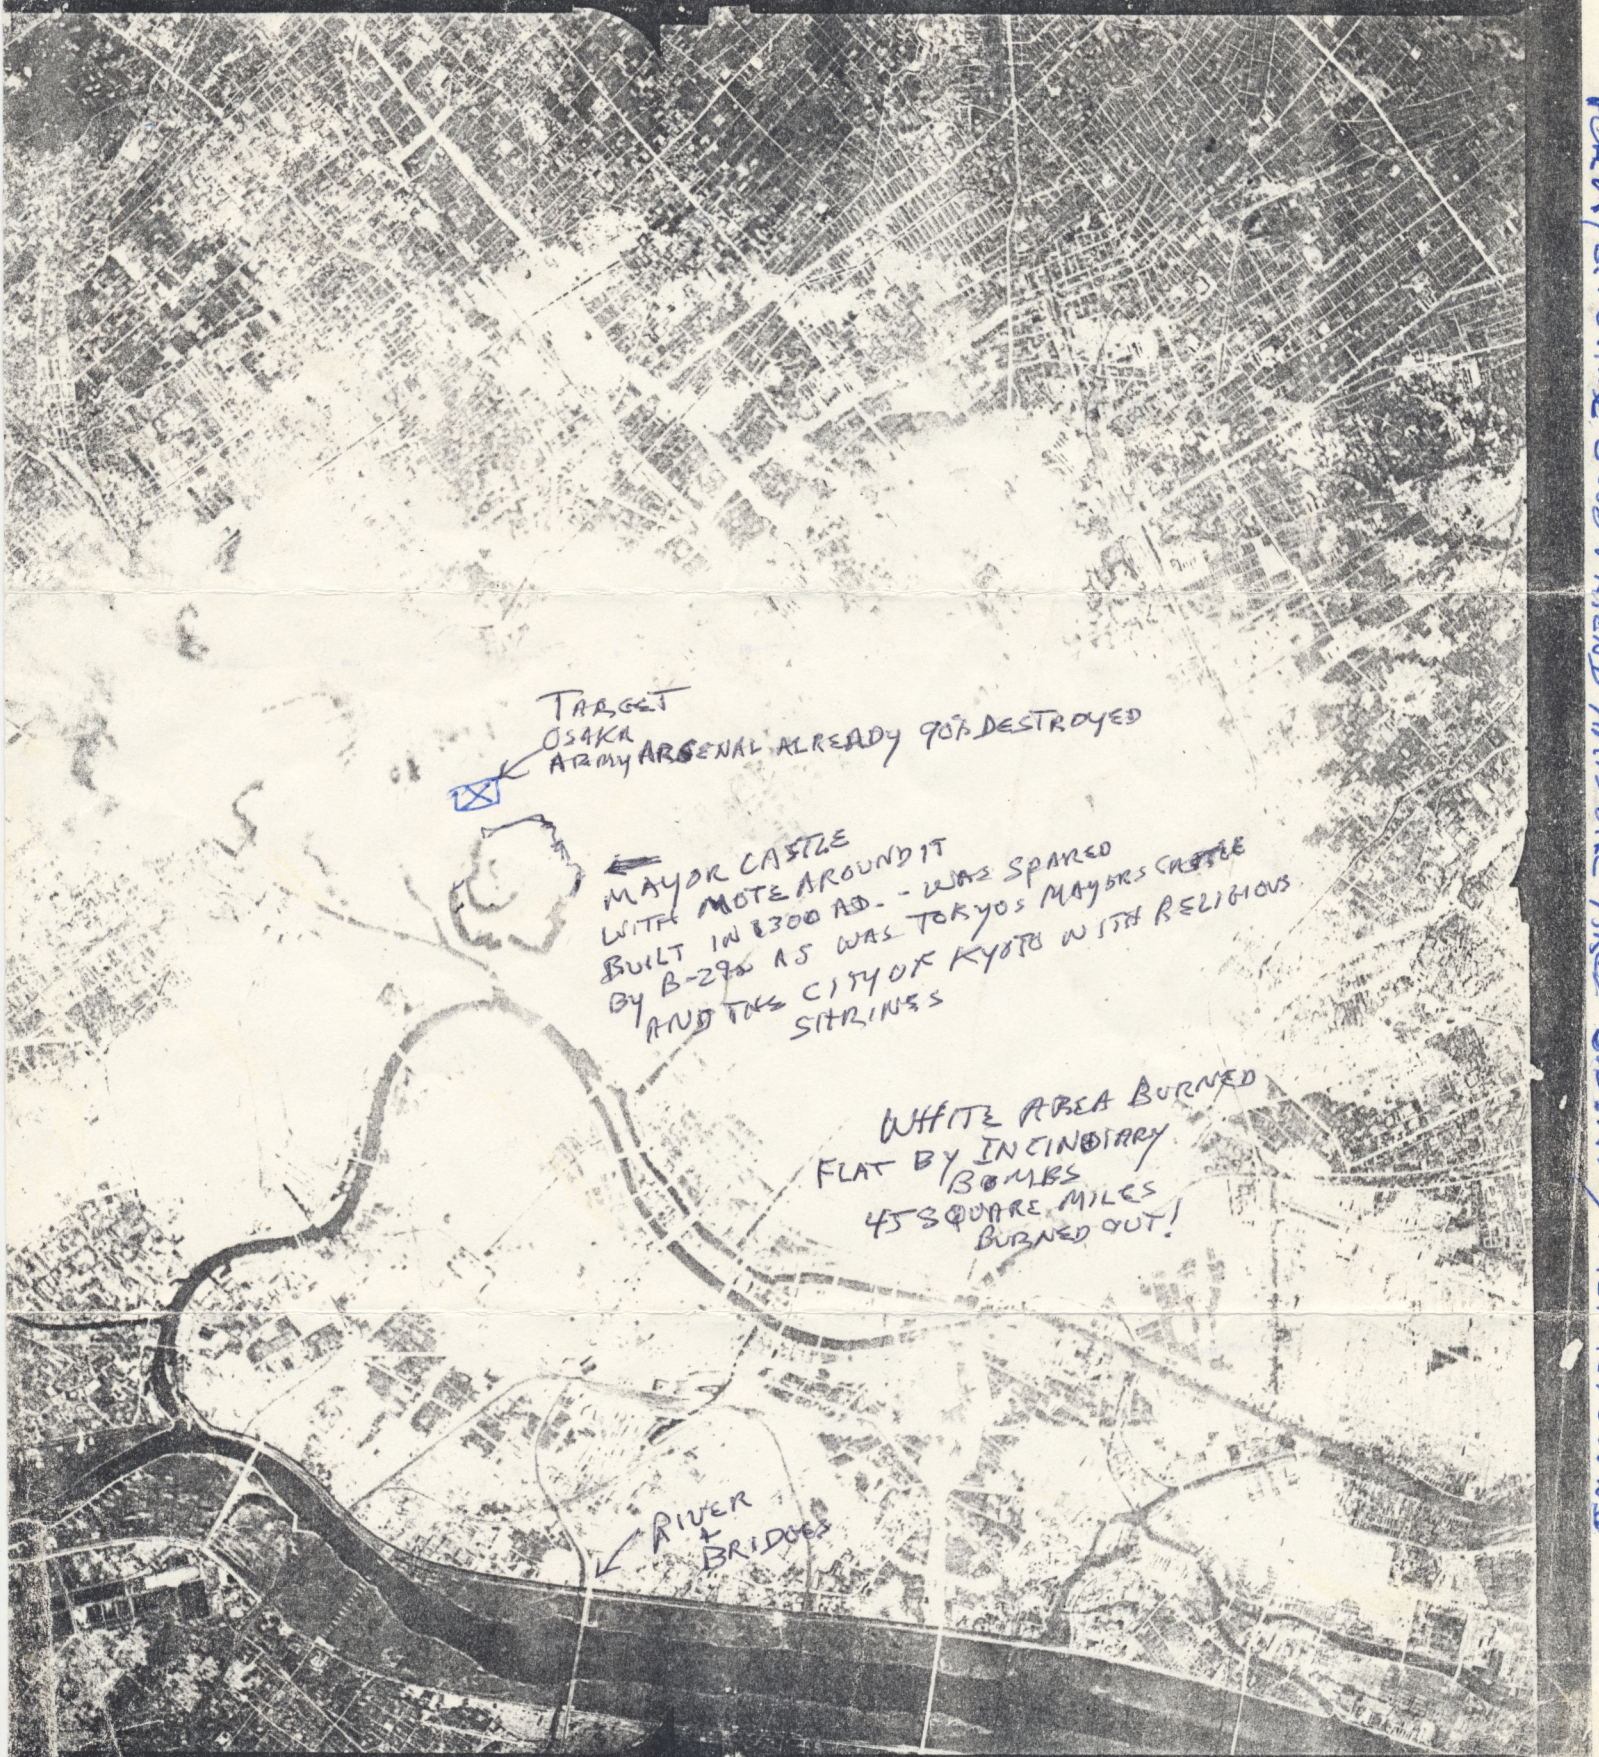

Crystal and I had eight years together, and we
had Betty + Ed live with us for several years,
in my home at 1525 Consulate Coral Gables. They
were wonderful. I had lots of great Greek Dishes

by Crystal + Betty!
And many Masses at St Sophia - with my favorite
mass of God - Father ~~Melton~~! We went to a
couple of "AHEPA" conventions - One in San Francisco,

In those years, I had from earlier times
many Greek Buddies - Tommy Balaban, Nicky Balaban
Both from Football + Basketball. And Frankie who
I met at the "Round Table" at Chris's restaurant
across from Sears. And my long time friends from
Flamingo Park: Alex Paulos, Tommy Paulos, Softball
champs with St. Sophia! - and my good
friend George Paulos (No Relation) from my Actus Fy Day!
+ My ANTH COMMUNIST work! - as was ARCS!!

And in my Aviation Cadet days, Ted THADDS a Greek
God Build, and my bombing partner! While at Tulane
I played (but not on the team) with the best Basket
Ball player in the S.E.C. Alex "THE GREEK" ATHAS - who
was the leading scorer in the S.E.C. and a great track
Star. He won the S.E.C. Broad Jump at 9'4" which was
great in 1948! - and with my 2 times President of Coral
Gables "People To People" - My good friend Hal Borckas and his
wife Jan. That is just a short essay on my Greek
Soul! Best to you buddy as my oldest! Love you Jim

I will only write one letter =

As most of you know my daughter Sue
lives in Oklahoma City with my grandson Matt.
When I saw the T.V. reports of the Bombing of the
Murrah Federal Bldg I began my search for
the true facts - Since I have never trusted
our Marxist Media - I heard of young OKLA STATE
Legislator, Charles Key (One of the Bravest Men
of the last 50 years) Who had heard that the ATF
people in the Bldg were standing on the sidewalk
2 Blks away that morning and people who knew
them on the way in to work - SAID "Why are you
guys out here with your Bomb Disposal Truck?"

They answer "Something bad is liable to happen
this Morning." - NO ONE ATF Person was in the
Bldg and was Killed!!!

My friend Charles Key formed the OKC Bombing
Commission to find the Truth. I had been speak at our
American Forum Lunch at the Billmore Hotel - 6 Mos after
the Bombing and then 3 years later at the Forum. The
facts of several Arabs being closely involved with the
were quickly Rejected by Clinton, Revere, Fresh as that good
FBI Agents had to be Cover up artists! At the end
of 10 years the Commission formed a grand Jury
and I have the 400 pages final Report. Where 100's
of people said many Arabs were involved! Over

RAMZI YOUSSEF ARAB EL QURAN - RAN THE BOMBING OF WORLD TRADE CENTER
FOR BLIND CLERIC ARAB RASHID - THEN ESCAPED TO OMAHA - KEVIN GIBBY NICKLES
Flew to MAHILAH TENTH US AIR FORCE BASE - ONE BOMBING MET WITH YOUSEF ARAB
TO MAKE FERTILIZER BOMB - ALLOW ARAB MONEY

The day after when the Photos of the Bldg hit T.V.
Major Gen Benton Partin the USAF No one experts on all
explosives for 25 years - Said the Truck Bomb Did NOT Blow
the Bldg Down - And a second Bomb Military Explosives on
the Main Columns caused the Collapse - He proved
it to the Govt - Begged them not to Destroy the Bldg
until it could be investigated - They IMMEDIATELY
Tore it Down and BURIED the Rubble!!!

The NEW AMERICAN magazine has done dozens of
follow up on the "CLINTON-AEROSPACE" cover ups.
Wa Jasper the Brilliant Birch Society writer has
done an Unbelievable good job on more exposures!

If the Arab connection had been Exposed the
9/11 Attack in N.Y. would not of happened!!!
The same people in the attempt to blow down the
World Trade Center were involved.

I have 3 HUGE FILES of information on
what really happened - The Media Crucified
Chas Key and defeated his 13 year service with
OK Legislators! But he stills make Radio Speeches
with the facts - I ignore by our Marxist Media.

I visited the Bomb site 3 Times with Charles
and have met all of the members of the Commission -
all great Patriots. We all have spent lots of \$s
over Ten years - to NO Release of the Truth.

This piece in the AMERICAN is the latest and might
help!! As Good PATRIOTIC AMERICANS the Truth will
help you!

Best Personal Regards

Jim

BILLY WILCOX
AS A UPS LAST TACKLER ON
70 YARD WINNER PATRICKS 1939

RIDING on the crest of the waves of victory, the Typhoons invaded Moore Park for their traditional encounter with the Andrew Jackson Generals. Both teams were at the peak of their season, and the most interesting game of the year resulted. Although the game ended in a scoreless tie, there were thrills every minute with each team making several scoring threats. Three times during the first half the Typhoons drove to within the General's five-yard line only to be set back by penalties. During the second half both teams opened up their aerial attacks, but to no avail. Thus the issue was postponed until next year. Let's get 'em next year, Typhoons!

The following game was played at Palm Beach, the Typhoons engaging the Wildcats in a non-conference game. Outfighting their heavier opponents, the Beach eleven drew first blood on a 35-yard pass from Jack Farley to Joe Weinberger with Wilcox converting the extra point on a drop-kick. However, Palm Beach was quick to retaliate, scoring on a punt return and adding another 6-pointer on a screen-pass play. Thus the game ended with Palm Beach the winner, 13-7.

Playing their last game of the year with Fort Lauderdale for the conference title, the Typhoons met the Flying L's in a night game at Lauderdale. The hustling Flying L's could do little wrong and romped to a 24-7 victory. The Typhoon touchdown came in the fourth quarter on a pass from Farley to Wilcox. Thus the Typhoons ended their season with a record of five wins, one tie, and two losses. GO GET 'EM, TYPHOONS!

Five Typhoons were placed on the All-City "Little Three" team—Mervyn Thal, center; Ed Friedson, guard; Francis Jack, tackle; Bill Wilcox, halfback, and Sid Zucker, fullback.

Cuba actions reveal ties to the Reds

By JAMES M. SNEDIGAR

Regional Chairman, "Save The Panama Canal Club"

"We are confronted with blackmail and we have every right to suspect that it is Communist-inspired blackmail", states Harry S. Wiles, former National Commander of the American Legion.

While the U.S. State Department continues to negotiate the giveaway of our U.S.-owned Canal at the Isthmus of Panama to the Marxist government of Panama, the Russian-backed Cuban expeditionary forces continue in their hot war to conquer the remainder of the African continent.

The bureaucrats at "Foggy Bottom" continue to step up their efforts to recognize Castro, in direct proportion to Cuban military attacks on non-communist nations of Africa, while Fidel was in Moscow on April 5 to get his orders from Bresznev. This proves what intelligence experts have said for over two years: that the KGB is in control of ALL of Castro's activities.

The Russians have now established air and missile bases in Somalia, at the entrance to the Suez Canal. The Soviets were also successful just a few years ago in backing India's attack on our ally Pakistan and were able to establish a submarine base at Citagong thus penetrating the Pacific, where previously they had only had the ice-blocked port of Vladivostok. The Russians further attacks in Angola, using 15,000 Cuban troops, ended in the establishment of an excellent sea base on the Atlantic. Subsequently, with the aid of U.S. funds, supplied by our State Department, the Suez Canal was reopened, releasing the Mediterranean-bound Soviet fleet into the Pacific area.

In April of 1977 Fidel declared that the U.S. must give up its naval base at Guantanamo as a condition for renewed relations. At the same time Cuban-trained and Russian-equipped troops invaded Zaire. Cuban troops have been identified in Uganda and Libya, the most radical of the marxist nations in Africa. Incredibly, the State Department in recent months has taken sanctions against pro-Western and anti-Communist Rhodesia, our ally in two world wars, by siding with Mozambique, who has declared itself a communist country. Cuban cadre are training guerrilla terrorists in Mozambique to murder innocent Rhodesian black and white Christian missionaries and farmers.

Testimony before the U.S. House Committee dealing with international affairs by Manolo Reyes, a noted Cuban exile intelligence authority stated, "Castro has formed two guerrilla brigades in Panama for possible operation against the U.S. Canal Zone. They will involve sabotage, raids against the Canal, and Canal shipping, and attacks on U.S. military installations. "The Weekly Review" of December 8, 1976, stated: "The Soviet Navy is training crews in expectation that they U.S. will lose control of the Panama Canal."

The presence of 3,000 troops in Panama has been denied by both State and Defense Departments, the same authorities that denied the presence of Russian troops in Cuba in the 1962 missile crisis, and some years later admitted 50,000 troops had been there!

U.S. police in the Canal Zone report many Cubans arriving at Tocumen Airport in Panama, many of whom are then flown to Peru. Peru has in recent months concluded a Soviet agreement to supply them with arms.

Meanwhile, the greatest violator of "human rights" in this hemisphere continues to imprison and torture over 40,000 political prisoners while the State Department works to lift the trade blockade and recognize his oppressive regime. This means, of course, hundreds of millions of U.S. taxpayers' dollars go to Cuba in aid, subsidies, loans, ad naseum!

I am proud that the American Legion has not varied in our patriotic efforts to save the Canal Zone, the most expensive and important property purchased in U.S. history.

James Snedigar, Florida Canal Chairman

*National Commander Rogers upon his return from an inspection tour of the Canal in March, 1977, stated in part: "My visit reinforced my belief in the correctness of the Legion's position that the security and sovereignty rights granted to the U.S. in the present treaty must not be changed". And, further, "The American Legion asked the Carter Administration: "Why the intensity of negotiations? Why the determined effort to move quickly? What is the urgency? Is the Torrijos government in Panama about to fall? Has the United States government, or the banking interests who have loaned Torrijos untold sums of money, determined that it is in the best interests of the United States to keep a repressive dictator in power?"

The American Legion Foreign Relations Bulletin of 1976 sums up the situation beautifully:

"To briefly summarize, the current Panama Canal situation is as follows:

1. In spite of Congressional opposition, the State Department seems determined to "give away" the Panama Canal.
2. The mass news media has not and probably will not present the Canal question forthrightly but will continue to support the State Department.
3. Adequate leadership in the Executive is not in sight and the Congress must act.
4. Major Canal issues are: a) retention of undiluted U.S. sovereignty over the Canal Zone; b) major modernization of the existing Canal, and c) authorization for election of U.S. citizens in the Canal Zone of a nonvoting delegate in Congress.
5. The Isthmian situation requires major public enlightenment on U.S. survival for which Caribbean security is vital.
6. The key points in the defense triangle for protecting the Caribbean are: Puerto Rico, Guantanamo in Cuba, and the Panama Canal, all three of which are targets in the propaganda campaigns now in progress, and potential spawning grounds for a long line of guerrilla warriors aiming at the Western Hemisphere and other noncommunist societies."

The U.S. Citizens must not allow Lenin's 1917 pronouncement of the USSR's intention to control the sea lanes of the world to become fact.

May God speed every Legionaire in his efforts to maintain U.S. Sovereignty!

—Text of speech delivered by James M. Snedigar, Post 133, Perrine, Florida, April 27, 1977. Mr. Snedigar is 14th District Counter-Subversive Activities — American Legion Chairman.
