Vice President,  
St. Augustine, Fla.

Dear Sir:

Mr. W. M. McRae is camped out at Camp Jackson working to locate the Northeast corner of Twp. 59-37. As soon as he locates this corner we will send you the samples of the marl. Possibly you may want some of the boundary of this township run out, but I do not know what conditions he will find and whether or not it would be practical for him to run out any of the boundaries?

Yours very truly,
