Mr. Fred'k S. Morse,

Dear Sir,--

Yours of April first at hand in regard to Township 59, Range 37.- I am anxious to get samples of marl from this township, have it sent here, by express, so that I can have it tested. We can then come to a decision about the sale of the property to the one who offers the best cash terms.

Yours truly,

J. E. Ingraham
Vice-President.
