Mr. F. S. Morse,  
Miami, Fla.

Dear Sir,--

In conference yesterday afternoon with Mr. Flagler and Mr. Parrott Mr. Palmer's proposition was discussed and it was decided not to consider it favorably. I shall hear from Mr. Parrott by letter very shortly, and will write you again so that you may take it up with Mr. Palmer. This is merely a line in advance to advise you of the situation so that you can take up Dr. Holmberg's proposition for renewal of his option on "59-37" if he desires to do so.

Yours truly,

*J. E. Ingraham*  
Vice-President.
