Mr. Sidney Harrison, Chief Clerk,
St. Augustine, Fla.

Dear Sir,

Mr. J. B. Dill, of Miami, was in the office some few days before Mr. Morse left on his vacation, and they had a conversation in my presence in regard to an option and price on Township 59-37.- Mr Morse informed Mr. Dill that he would take the matter up with your office and advise him, and it is my opinion that Mr. Morse intended to take this up personally with you on his way North; but as to whether or not he did, I have not been advised.

Mr. Dill is to leave for New York within a short time, and before he goes would like to know the prospects of getting a six months option on this Township, and what such option would cost and the price of the land also.

Yours very truly,

FJP/H
