

Florida East Coast Railway

LAND AND INDUSTRIAL DEPARTMENT

155

J. E. INGRAHAM
Vice-President

St. Augustine, Fla. April 26, 1913.

Mr. F. S. Morse,
Miami, Florida.

Dear Sir,--

Yours of April 24th at hand. In reference to the lands at Flamingo, Messrs. Hudson & Boggs have sent us a number of applications for lands from 40 to 80 acres, for homesteaders who were there at the time that the lands were conveyed by the State to us, and whom Mr. Parrott had promised to protect in his final interview with Gov. Gilchrist, but so far we have been unable definitely to find out how many were entitled justly to make these entries. The matter is still under correspondence. We have not made any sub-division of these lands, and I do not know that any have been actually surveyed, though the old Orange County Surveyor, Otto Friez, made some surveys there some years ago.

Yours truly,

J. E. Ingraham
Vice-President.
