

JPL 165

August 26th, 1913.

Survey, Cape Sable

Mr. J. E. Ingraham,  
Vice-President,  
St. Augustine, Fla.

Dear Sir:

I am enclosing, herewith, carbon copy of your telegram to Mr. W. A. Morse, his wire reply and letter of August 21st.

I would suggest that you try to get the notes of Mr. Fries' Survey of October, 1903, and also his notes of survey of the Cape Sable Land Company's possessions made by him in February and March of 1910, together with maps. And it would not do any harm to know how he obtained his starting point in this survey.

Yours very truly,

FSM/p
