

Shel. 165

Sept. 4th, 1913

Survey at Cape Sable.

Mr. J. E. Ingraham,
Vice-President,
St. Augustine, Fla.

Dear Sir:-

I am enclosing herewith the account of the Biscayne Engineering Company, from August 13th to 23d inclusive, covering the pay roll for surveying being done at Cape Sable, which I have paid to Mr. Brown to-day.

Both Mr. Brown and Mr. Powers have said that this account is all right, but in case there are any items which are not clear, or about which you wish more detailed information, we shall be glad to go further into the matter for you.

According to your instructions, I am enclosing herewith bill for \$224.95, covering this disbursement.

Yours very truly,

Getting started, wanting proper accommodations for the men and rain have made this bill rather expensive.
