Surveying at Cape Sable----

Mr. J. E. Ingraham,
Vice-President,
St. Augustine, Fla.

Dear Sir:

Yours of the 6th inst. at hand. Mr. Brown called in this morning and said that he had arranged to go to Cape Sable with Mr. Powers next Wednesday, that Mr. Powers said he had a plat of Mr. Fries' survey with his papers at Cape Sable, but as Mr. Brown had not seen this plat he was fearful that Mr. Powers might not have plat and field notes of Mr. Fries' survey necessary for the work on hand. Therefore, if you have the same in the office, or know where to get them, I wish you would have them sent to me.

Yours very truly,

PSE/p
