June 26, 1913.

Mr. F. J. Pepper,  
c/o F. S. Morse,  
Miami, Fla.

Dear Sir:

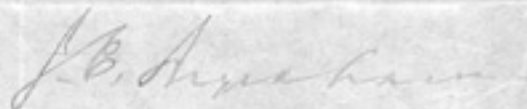

I telegraphed you from Ft. Pierce on the 23rd acknowledging your letter and asking you to notify Mr. Powers asking him to meet me at Miami as soon as possible.

I thought considering the time we are here and my long illness, it would not be prudent for me to take the trip to Cape Sable. I had intended to go to Okeechobee and come back by the Miami Canal, but the closing of that canal makes some changes in my plans.

I expect to leave here tomorrow morning and will stop a day or so on the way, probably reaching Miami Saturday, possibly not until Sunday morning. Will be there until Mr. Powers comes.

Yours truly,

JEI-K

Vice-President.
