Mr. F. J. Powers,
Homestead, Fla.

Dear Sir:

Referring to telephone conversation of today in which Mr. Morse told you that he and I would be down on Monday morning to go over some of the lands with you. I had made another engagement for Monday morning about which it seems Mr. Morse had not been advised and which I will have to fulfill, and as neither of us wish to go over your matter without the other being present, we will have to put off coming down until Tuesday, which we trust will be satisfactory. If you get this letter in time to call us up at the office about 10 o'clock tomorrow morning we will explain the matter further, or try and make some other arrangements if Tuesday is not satisfactory to you.

Yours very truly,

FJP
