December 26th, 1914.

Mr. F. J. Powers,
Homestead, Fla.

Dear Sir:

Mr. A. P. Hovey of Coconut Grove, R.F.D.No.106, called in today to inquire as to when the lands being surveyed by Mr. Livingston would be on the market and their price. I told him I would ask you to let me know when the survey was completed so that he could go down and look over the lands. He stated that he wanted to look over them with a view of buying for several other parties, so please let me know when to advise him to go down.

Mr. C. Rae Eubank of Lake Worth, Fla. called in this afternoon and stated that he was going down to Detroit tomorrow, so I gave him a letter of introduction to you. He is looking for a large body of land around Detroit with a view of buying and reselling it, and possibly you might interest him and his companion, Mr. Smith, in the Cape Sabel lands.

FJM/p

Yours very truly,
