

November 6, 1917.

Mr. J. E. Ingraham, President,
St. Augustine, Fla.

Dear Sir:-

Referring to Model Land Company Deed #4688, Clyde A. Dowling, which we are returning to you to-day, you ask us to collect \$3.90 for the 1917 taxes. It occurred to us that this land was included in the special drainage district and we looked the matter up today in Mr. McLendon's office and find there is a special drainage tax of 25¢ an acre, or \$2.50, covering the land described in this deed. Also while there we looked up to see what the 1917 taxes were and found that on this ten acres they were \$5.15/ ^{exclusive of above special drainage tax.} Therefore, when you return this deed presume you will wish to increase the amount of 1917 taxes to be collected from Mr. Dowling.

Yours very truly,

BSP/C

P.S. Mr. McLendon said he sent you the 1917 Model Land Company tax statement a few days ago so you can confirm above.
