Mr. J. E. Ingraham, President,  
St. Augustine, Fla.

Dear Sir:-

Your telegram of to-day as follows received:

"Please immediately obtain copy of recently modified contract executed by Dade County Commissioners and J. B. McCrary Company construction Ingraham Highway."

Mr. Potter has just been down to the Court House and finds that Mr. G. E. McCaskill, County Attorney, sent the modified contract to Atlanta to be signed by the J. B. McCrary Company about a month or six weeks ago and that the same has not been returned as yet. A copy of this modified contract is in Mr. McCaskill's office and if you wish the same we can have one made on Monday, if you so advise us, but we are informed that the wording may be changed before the J. B. McCrary Company sign it. Mr. Potter also learned that the County Commissioners have not executed the same. Mr. McCaskill stated that he thought one cause for the delay was because the matter would have to be agreed to by the Bond Company.

Yours very truly,

FSM/C
