Mr. J. E. Ingraham, President,
St. Augustine, Fla.

538 ✓

Dear Sir:-

Mr. Crabtree and Mr. Duncan expect to start about the 10th of this month to complete the survey of the road being constructed by the McCrary people and would like to get such information as to Mr. Livingston's survey of this part of the country as possible. I saw Mr. Livingston yesterday and he is willing to help them out all he can. Therefore, please give me any information that you may have in your office that would assist Mr. Crabtree and also write Mr. Livingston to do all he can to help him out in regard to section corners, etc., when he goes down to Cape Sable, which he intends to do in a boat shortly after the 10th of February.

Yours very truly,

FSM/C
