SECT. AND TREAS.

Dear Sir:

I thank you for your favor of the 2nd instant, advising that when Mr. Dewhurst gets through with the County Commissioners' meeting you will be glad to take him down the Ingraham Highway as far as possible and that Mr. Pepper will accompany him and send us a written report, as well as the verbal report which we will get from Mr. Dewhurst. Thank you very much indeed for your courtesy.

Mr. Dewhurst mentioned that he would like, if possible, to have Mr. Freeman accompany them on this trip.

We particularly want to know the condition of the road, how far it is what you would call completed, whether or not turnouts have been installed and any and all information in regard thereto.

Yours truly,

Secretary-Treasurer.
