Mr. Fredk. S. Morse,  
Miami, Fla.

Dear Sir:-

We are getting out a folder for the Cape Sable lands, which will be held up until after the next meeting of the County Commissioners, when the chances are that the Contract for the Ingraham Highway will be revised and put through, and I would like to get a picture for the frontispiece of this booklet. I would like to have you ask your Mr. Pepper to take his camera and go down there and get a picture of the road through the hammock, showing the Royal Palm Trees; also one of the hammock as you enter it, about the middle of the causway, showing the hammock and the Royal Palm Trees extending high above the sky line of the surrounding forest trees. I would also like to get one of the Club House, and we will make a little notation of the fact that it belongs to the Federation of Womens Clubs of Florida, and is open as a lodging house, etc.

I will be glad to pay any expense necessary in obtaining these pictures.

Dict. JEI

Yours very truly,

*J. E. Ingraham*  
Vice-President.
