Vice Pres. East Coast R. R.,  
St. Augustine, Fla.

My Dear Sir:-

Had some correspondence with Mr. King one of your agts and owner of land at Cape Sable, regarding a stock proposition at that place and would like a little more information regarding transportation.

Will you kindly tell me as soon as possible just how far the Sable City townsite is from the present R. R. and what time we could expect the branch to that tract completed. Also whether there is any present water transportation and how far to R. R. station. Am a stock man myself but am interested with friends who are builders who operate on quite a big scale and who have asked me to get all information as to price of town lots, close in tracts etc and the feasibility of building thirty or forty houses for renting and sale. What is your opinion and what is promised by your company as to improvements, and when?

Any information you can give me at once will be appreciated. Thanking you I beg to remain,

Very truly yours,
