Dear Sir:- Under separate cover, I am sending you a copy of Livingston's field notes of survey from N.E. corner of Twp. 8, R. 37. On this line he did not touch the Dewhurst's lands, being three miles to the north of them and something like 1/4 mile to the west when he turned south. See folded leaf at point to turn south for direction to N.E. corner of Dewhurst's lands.

I do not know what markers that Livingston left on this line.

Am writing to him to furnish you with any information in his possession that will enable Mr. Pepper to find his way over these lands, and perhaps he will be able to go with Mr. Pepper, which will be much better.

Yours truly,
A. A. Dooling

Merry Christmas and happy new year to yourself and all the boys. J.
