Mr. F. J. Powers,
Homestead, Fla.

Dear Sir:-

I am desirous of making a trip to Cape Sable by land early in February, and I want Mr. Kenan to go with me if it is possible to make the trip with any degree of comfort and dispatch. My idea has been that with a little road work on the South end it can be accomplished with a Ford car via Homestead to East Cape, and return via boat and rail.

Please advise as early as possible with your recommendations, and oblige,

Yours very truly,

Dict. JEI
