Mr. J. E. Ingraham, President,  
St. Augustine, Fla.

Dear Sir:-

We telephoned to Mr. Powers office to-day and find that his regular clerk is away for the day but another party answered the phone and stated that a special delivery letter from you had been received this morning and same opened by Mrs. Powers. She said that Mr. Powers was delayed on his last trip to the Cape and did not get away until Saturday night and they expect him home tonight or tomorrow night. She did not know anything about Mr. Stanton, that is, whether he is on this trip with Mr. Powers or not.

Yours very truly,

BSP/C

P. S. We presume that Mr. Powers met Mr. Stanton and took him to Cape Sable with him. Will inquire tomorrow on my way to Royal Palm Hammock to have the pictures made.
