Carl DodtenHoff called in to-day and stated he was unable to make any further payments on Model Land Company Contract 01238 and handed his copy of the contract to Mr. Morse saying that he wanted to give up the land even if he lost the \$116.00 he had paid on it.

Mr. Morse told him we would hold the contract for 3 or 4 weeks to see if we could not make a sale of the land.
