

January 26, 1921.

N. B. Broward Drainage District,
Fort Lauderdale, Florida.

Gentlemen:

For your information we are quoting as follows from letter just received from Mr. A. H. Sawyer, President of the Boston & Florida Atlantic Coast Land Company in connection with your recent request for release of canal right-of-way in your district:

"Answering your letter of the 15th inst. regarding right-of-way Napoleon B. Broward Drainage District, would say that I have submitted this to my associates. While we have never yet refused to give right-of-way for these drainage projects, we would like very much to have a blue print of the district with the right-of-way indicated thereon so that deed with definite descriptions can be made up. Kindly see that such blue-print with ditches located thereon is sent to us in due course"

Sincerely yours,

PEPPER & POTTER
