Messrs. Pepper & Potter,
Miami,
Florida.

Dear Sirs: //

Answering your letter of the 15th inst. regarding right-of-way Napoleon B. Broward Drainage District, would say that I have submitted this to my associates. While we have never yet refused to give right-of-way for these drainage projects, we would like very much to have a blue-print of the district with the rights-of-way indicated thereon so that deed with definite descriptions can be made up. Kindly see that such blue-print with ditches located thereon is sent to us in due course. //

I have been trying to get space South and think you may count on seeing me in Miami about February 9th. Will give you my plans definitely as soon as I get to St. Augustine. I now plan to leave about the 1st of February.

Sincerely yours,

W. Sawyer
